### Classic Fit Women's Tees

Classic Fit is a feminine cut that is contoured to flatter women's curves, with capped sleeves and a shorter hem that should fall just below hip level. They are lightweight at only 4.8 oz. with super-soft fabric for outstanding drape and comfort. Perfect for women who do not want their tee shirts hanging down past their waist and who prefer a modest, fashion-fitted silhouette. It is cut smaller than a relaxed fit, but not as small and clingy as slim fit. Also, since it is so soft, it's remarkably comfortable and the best bet for redheads with sensitive skin.

### Slim Fit Women's Tees

Slim Fit Women's Tees (also referred to as baby dolls), are lightweight and made of super soft 100% combed ringspun cotton. They are not very stretchy, and are cut VERY small, so choose your size carefully. You may want to order one size larger than you normally wear, because the baby doll tee in size large is physically smaller than a regular unisex tee in size small.

### Classic Fit Wide Strap Tanks

The Ladies' Fitted Wide Strap Tanks have a curve-hugging fit with feminine cut armholes. While these tanks are fitted, they are not quite as small and clingy as the Slim Fit Tanks. They are made of 100% cotton and are stretchy 1x1 rib knit.

### Classic Fit Spaghetti Strap Tanks

These differ from the other tanks because while they are still very much a feminine fit, they are slightly more relaxed so they are not as clingy, but nor are they very stretchy. They are made of 5.8 ounce 100% jersey knit cotton (they will feel like lightweight tee shirt fabric). They have a more rounded neckline and a slight flare for the hips.

[Realm of Redheads Store](#) » [Sizing Charts](#)

### Sizing Charts & Information

Now that we have three styles of women's tee shirts (in addition to the regular unisex tee shirts), choosing the right style and size can be confusing.

The measurements shown are width x length (in inches). The width was calculated from measuring from one side to the other just under the sleeves/underarm area. You can measure one of your favorite-fitting tees in this manner and find out which size is most closely related.

### Comparison Chart

	Small	Medium	Large	XL	2X
<a href="#">Regular Tee Shirts</a>	18 x 28	20 x 29	21.5 x 28.5	23.5 x 30	24.5 x 31
<a href="#">Women's Relaxed Fit T-Shirts</a>	18 x 24.5	20 x 24.75	21 x 26	23 x 26	25.5 x 26.5
<a href="#">Women's Classic Fit T-Shirts</a>	17 x 21	19 x 21	20.5 x 21.5	22 x 22.5	
<a href="#">Women's Slim Fit Babydoll Tees</a>	15 x 19.75	16 x 20	17 x 21.5	18 x 22.5	

### More information to help you choose

The information below should help, but since sizing is subjective, it is only meant to be a basic guideline. The only true way to find out which is best for you is to actually measure one of your favorite tee shirts and compare it to the sizes below.

#### Regular Unisex Tee Shirts

Most unisex tee shirts are somewhat universal in size, therefore you should order the same size you normally buy at any retail store. They are casual 6.1 ounce tee shirts with no specific fit whatsoever.

#### Women's Relaxed Fit Tee Shirts

Relaxed Fit Women's Tees are similarly sized and made of the same 6.1 oz. fabric as our regular

unisex tees, but they have tailored neck ribbing, shorter sleeves, and are 2.5 to 3.0" shorter in overall length than the unisex tees. These shirts are great for women who like the extra room but hate how the sleeve tends to hang down near the elbows. Photo of how these tees fit [here](#).

### Women's Classic Fit Tee Shirts

Classic Fit is a feminine cut that is contoured to flatter women's curves, with capped sleeves and a shorter hem that should fall just below hip level. They are lightweight at only 4.8 oz. with super-soft fabric for outstanding drape and comfort. Perfect for women who do not want their tee shirts hanging down past their waist and who prefer a modest, fashion-fitted silhouette. It is cut smaller than a relaxed fit, but not as small and clingy as slim fit. Also, since it is so soft, it's remarkably comfortable and the best bet for redheads with sensitive skin. Photo of how these tees fit [here](#).

### Women's Slim Fit Baby Doll Tee Shirts

Slim Fit Women's Tees are the smallest cut of shirt that we offer. They are lightweight (around 4-5 ounces), somewhat semisheer (but **not** very stretchy), and VERY SMALL. You can see from the measurements below that a baby doll tee in size XL is **still** smaller than a regular unisex tee shirt in size small. So choose your size VERY carefully.

Anyone who wears a regular tee shirt in size large or above would probably not want to purchase the slim fit shirts (unless you prefer them really tight, of course.)

I typically tell people to order one size larger than they normally wear. For example, if you typically wear a small, you might want to consider ordering a medium baby doll. If you wear a medium, you may want to order a large or XL. Photo of how these tees fit [here](#).

### I can't see any photos of the tee shirts on the website!

Customers who are using old, outdated web browsers- and some customers of AOL and Juno- seem to have issues viewing the images of the tee shirts.

We recommend you try viewing the website in a different web browser like Internet Explorer, Firefox, Netscape, or any other trusted browser, or get help from a technical support specialist. If you purchased your computer more than a year ago and haven't upgraded your web browser, it's out of date.

In the meantime, feel free to [download a PDF catalog here](#) to view images of the products we offer.

### **How are orders shipped?**

Customers in the US can now choose between First Class Mail and Priority Mail. First Class will arrive in 5-7 days, and Priority Mail will typically arrive in 3-4 days.

Customers outside the US will have their shirts shipped via First Class Mail International. We used to offer International Priority Mail, but the USPS' recent pricing increases have made it far too expensive to ship using that method. Shirts shipped outside of the US will arrive within 1-2 weeks.

---

### **How much does shipping cost?**

Shipping costs are variable depending on how many shirts you order (it is calculated based on weight) and which zone you are in. If you are ordering one shirt within the U.S., the cost is anywhere between \$3.48 - \$5.75. Add the items you would like to the cart and sign up for an account to enter your shipping address. At checkout, the shipping section will tell you exactly how much it costs.

---

### **Return Policy**

You can return the shirt within 30 days for [store credit only](#). Please [call or email us](#) to receive an RMA number, and then simply return the tee shirt to the address listed on your receipt. ---

### **Exchange Policy**

We have a simple exchange policy for U.S. customers if you order the wrong size, wrong style, or even the wrong shirt! If it is within 30 days of placing your order, simply return the shirt to the address

listed on your receipt with an additional \$5 to ship the exchange, and your replacement will ship as soon as we receive it.

We do prefer customers to [call or email us](#) before shipping exchanges back, just so we can notify you of any pricing differences.

---
